RE: Miller Oil Annual True-up filing  
Propane Gas Supply Costs as of 12/31/2017  
D2017.2.11

Dear Mr. Rosquist:

Pursuant to Montana law, Montana Public Service Commission rules and approved tariffs on file with the Montana PSC, Miller Oil Company, d/b/a The City Line, makes application to implement an annual true-up of its Propane Cost Tracking Adjustment. The application is accompanied by computations that show the annual cost of general system supply and the amount of gas cost recovered from subscribers.

Miller Oil Company is requesting final approval of its monthly propane rate associated with the annual true up of its propane cost tracking adjustment. The proposed rate change will decrease annual revenues by \$7,237.85 on an estimated sales volume of 11,999,042 cubic feet. The proposed rate change would result in a decreased monthly bill of \$6.00 for a consumer using 10,000 cubic feet of propane a month.

In support of the proposed rate adjustment Miller Oil Company files its pre-filed testimony and exhibits of Sandra Barrows. Also, a copy of this letter and all documents have been provided to the Montana Consumer Counsel.
