RE: Hot Springs Telephone Company - Strikeout Tariff Pages; Supplemental Exhibit A-1
Docket No. D2018.10.69

Dear Will:

On October 3, 2018, Hot Springs Telephone (HSTC) filed a Petition for Detariffing along with Exhibit A (Table of Custom Calling and Optional Features) in Docket No. D2018.10.69. We are submitting a Supplemental Exhibit A-1 which outlines additional optional calling features for Detariffing, which were inadvertently omitted from the initial filing.

Per your request we are also submitting new tariff pages (Schedule D-1, Sheet 1 and Schedule 8, sheet 8).

The following pages will be cancelled upon approval (enclosed and shown with strikeouts):

- D-1, Sheet 2
- D4, Sheet 7
- D4, Sheet 8
- D4, Price List for Custom Calling Services, Sheets 1 through 9
- D4a, Sheet 11
- D4a, Sheet 12
- D4a, Sheet 13
- D4a, Sheet 14
- D4a, Price List for Custom Calling Services II, Sheets 1 through 14, Pages 1-3
- D5, Sheet 4
- D5, Price List for Voice Mail Service, Sheets 1 through 4
- Schedule 8, Sheet 6

If you have any questions or need further clarification, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Ivan C. Evilsizer". The signature is fluid and cursive, with a prominent initial "I" and "E".

Ivan (Chuck) Evilsizer
Attorney for Hot Springs Telephone Company

Enclosures

SUPPLEMENTAL TABLE OF CUSTOM CALLING AND OPTIONAL SERVICES

EXHIBIT A-1

October 18, 2018

HSTC Petition for Detariffing

Docket No. D2018.10.69

Name of Service	Description of Service	Tariff Schedule No.	Tariff Sheet No.
Voice Mail Service	Voice Mail Service is a software-controlled system located in the Company's central office which records and stores voice messages for a subsequent playback in a voice mailbox arrangement. Each voice mailbox provides a personalized greeting for callers, usage prompts, customer tutorial, mnemonic commands, password security and name confirmation upon customer entry. All Voice Mail Services except Greeting Only provide storage of the caller's messages with a time-date stamp on each message, the ability to override prompts, message forwarding to other mailboxes, and message waiting notification on mailboxes that are provisioned with a local exchange access line.	D5	1-4
Telephone Number Listing Services (including Non-Published Service, Additional Listing Service and Intercept Service)	The Company provides telephone number listing services including non-published service, additional listing services and Intercept services.	8	1-6
Local Directory Assistance	The Company furnishes Local Directory Assistance Service whereby residential and business access line customers of the company may request assistance in determining telephone numbers with the Hot Springs exchange served by Hot Springs Telephone Company.	8	7-8
Toll Blocking	Toll Blocking is an advanced calling feature that allows customers to block out-bound long distance calling from their access line to specified areas (i.e. to local dialing prefixes or specific area codes); and which thereby allows customers to limit and control call origination from their line.	D4a	3, 11, 13
Local Plus (+) Toll Free	This feature allows a customer to block all out-bound long distance calls, except toll free numbers, from a local access line. This service is intended to help customers control call origination from their local access line.	D4a	3, 4, 11, 13
DND – Telemarketing Service	This feature allows subscribers greater control of their privacy by providing an optional method for screening some telemarketer calls. It is designed to inform the caller that the subscriber to this service does not accept	D4a	4, 5, 11, 13

SUPPLEMENTAL TABLE OF CUSTOM CALLING AND OPTIONAL SERVICES

Exhibit A-1 – HSTC Petition for Detariffing

Name of Service	Description of Service	Tariff Schedule No.	Tariff Sheet No.
	unlisted calls from telemarketers, via an announcement. Telemarketers who completed a call after the announcement may be in violation of FCC Rule 47 C.F.R. Section 64.1200, and subject to state and/or federal penalties. Subscribers to this service will be advised by the Company of the procedure to file a complaint regarding such violations.		
Non-Published Number Temporary Listing Service	This service prevents a subscriber's telephone number from being provided to Directory Assistance, Telephone Directories, or by means of Caller ID service. This Temporary Listing feature can list or unlist a subscriber's telephone number temporarily, by activation at the subscriber's premise. This feature will make a subscriber's number available via Caller ID during activation.	D4a	5, 6, 11, 13
Call Hold	Call Hold service allows the subscriber to place a call on hold, to retrieve the call at another telephone extension or to initiate a second call on the access line.	D4a	6, 11, 13
Remote Call Forwarding Access	Call Forwarding is a Custom Calling Service which automatically forwards incoming calls to a pre-determined number. Remote Call Forwarding Access allows the subscriber to activate or de-activate the Call Forwarding feature, in the discretion of the subscriber, from a remote location.	D4a	6, 11, 13
Warm Line	Warm Line Service allows the subscriber to call a pre-designated number or emergency service by simply lifting the handset. The designated number will be automatically dialed after a delay of fourteen (14) seconds after the receiver is off-hook.	D4a	6, 11, 13
Malicious Call Before Ring (MCBR)	Malicious Call Before Ring allows a customer to request a call trace of the originating call information of every incoming call to the customer's local access line.	D4a	7, 11, 13
Conference Call	Conference Service is offered to allow Hot Springs Telephone Company business and residential subscribers to conduct multi-party conference calls using the Company's conference bridging equipment in conjunction with the local and/or long distance network. The conference callers are bridged together by Company provided equipment when the involved parties dial a designated seven (7) or ten (10) digit telephone number at a time of day specified by the scheduling party.	D4a	8, 9, 11, 13
Originating Call Trace	Originating Call Trace enables the customer to request a trace of every outgoing call from their local access line. The Company's equipment will print out the number called, and the date and time of the call.	D4a	10, 11, 13

DETARIFFED SERVICE

DISTINCTIVE RING (OR TEEN) SERVICE

I. DESCRIPTION

Distinctive Ring (which may also be referred to as Teen Service) provides an alternative ring pattern (distinctive ring code) for incoming calls on an individual single party access line. The alternative ring pattern is provided by assigning an additional telephone number to the access line. The alternative ring pattern will consist of a "two ring" pattern on the "tip" side of the line. The Company may develop alternative ring patterns in the future, which may also be offered under this Schedule.

II. TERMS AND CONDITIONS

A. The charges for the service (which includes the additional telephone number) must be billed to the primary telephone number.

B. One additional directory listing will be provided with the service.

C. This service is provided to single party line service customers only, excluding public/pay telephone, and other types of access line services. This service is available to both residential and business customers. This service may be unavailable or incompatible with some other services and/or equipment, due to technical limitations, and is subject to the availability of suitable facilities.

D. The Company may provide a device which customers may attach to their equipment to route calls to a FAX machine or their regular telephone set, based upon the distinctive ring code. The Company cannot guarantee that the device will work with all telephone sets and FAX machines, or other customer equipment (such as answering machines).

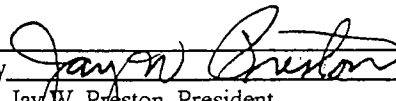

~~III. MINIMUM RATES AND CHARGES~~

~~A. Non-recurring (Installation) Charge — \$ 18.00~~

~~B. Recurring (Monthly) Charge — \$ 2.50 per month~~
